

dublab

Die Jim Crow Records

guest session

07.29.23

We are honored to present this mix for dublab with music from our prison-impacted artists, including exclusive B-Sides, explosive tracks from our emerging artists, and personal messages from inside prison.

An eclectic mix of Hip Hop, Soul and R&B, these songs are a powerful call for social justice, as well as an epic listening experience.

Die Jim Crow Records is the first non-profit record label in United States history for currently and formerly incarcerated artists.
